NEW SCHOOL PRINCIPAL; RADICAL CHANGE IN THE KINDERGARTEN SYSTEM

Mr. Keith Walker of Pasadena has been selected by the school trustees as principal of the Sierra Madre Schools for the coming year. His wife, formerly Miss Stevens of Pomona, will have charge of the kindergarten department, under a radical change in the system to be used.

The News is in receipt of the following statement from Prof. Pierce, chairman of the board, which deserves careful attention of all school patrons and taxpayers.

Public School Plans

As is generally known, the resignation of Mr. Maltbie as Principal was accepted early in May. The board received about thirty applications for the place left vacant. Many of the applicants already held responsible positions in different parts of the state.

The board was unanimous in selecting for the position Mr. Keith Walker who for the past two years has been teaching in the John Muir Intermediate School of Pasadena. Mr. Walker applied for this present position two years ago, at which time he presented excellent recommendations. Since then he has won a reputation in Pasadena.

The new Principal is a man under thirty, a graduate of the Moorhead State Normal School of Minnesota and of the University of Minnesota. He has had experience in that state and in Oregon. His work for the past two years in Pasadena should be of special value in preparation for the principalship of our school because our graduates go to the Pasadena High School. He is young, energetic and ambitious to raise our school to a high level of efficiency. He is especially efficient in playground work and should be a strong factor in building up the characters of our boys. The board bespeaks for him the hearty cooperation of all the parents.

All of the grade teachers have been giving excellent service in our school, some five years or more, and were re-engaged. It is believed this will give satisfaction to all concerned.

It will doubtless disappoint some to know there is to be a change of teachers in the kindergarten. This is not intended as a reflection on the teachers who have had charge of that department for the past year.

Two reasons influenced the action of the board. One was the fact that the teachers asked to have their salaries raised when the extreme limit of taxation allowed by law for the support of the kindergarten is barely enough to support it.

The main reason, however, is the fact that after thorough investigation, the board decided to change the character of the work. For some years, the kindergarten department of Teachers' Columbia University, has been experimenting in a line of work that is a material modification and improvement over the typical kindergarten. It leaves out much of the spectacular, which is non-educational, and seeks to develop individuality in the children. It also enables one teacher to take charge of from twenty-five to thirty children whereas under the present system two teachers are required.

The kindergarten supervisor of the Pomona City Schools has made a thorough study of the

new work in Columbia and for the past year, with her corps of teachers, has developed the system in that city. The trustees of our school visited the Pomona kindergartens and were fully convinced that a progressive step would be taken by introducing the work here.

They were not only pleased with the work, but had a conference with the superintendent of schools and the kindergarten supervisor, both of whom are firmly convinced that a forward step has been taken there in the development of the children. They also report that the parents strongly favor the new work, being greatly pleased with the results obtained during the past year. It is a distinct return to the aims and philosophy of Froebel, the founder of the kindergarten.

Trustee Pierce has been in correspondence with Miss Patty S. Hill, Director of Kindergarten Education of Teachers' College, Columbia University, who not only congratulates us in introducing the work along the lines which is being developed there, but also says in brief, in regard to the aims of the work as follows:

"First and foremost, I should say that the aim is to train children to independence in caring for themselves, and to spontaneous inter-dependence and co-operation in the work and play of other children. Again, it is to cultivate concentration, ability to solve problems, to build up democratic ability, to think and act for one's self while learning to think and act for the group, as well. We definitely work to develop initiative and leadership together with intelligent participation in plans initiated by others." She promises to keep Mr. Pierce in touch with any new developments of the work at Teachers' College.

Of course teachers who have had training and experience in kindergarten work as generally carried on could not take over the work under the new plan. The board was, therefore, faced by the problem of securing a teacher who has had experience in this newer work. They were

RESIGNATION OF CITY ATTORNEY

Mr. Montgomery Asks Trustees To Appoint Successor At Once

City Attorney C. C. Montgomery told the trustees at their meeting last night that he wished to resign, successor to be appointed as of July 1. He expressed a willingness to give his successor all possible assistance in taking up the work. Regarding pending prosecutions, he said he did not wish to be regarded as a quitter, and would therefore agree to see them through to a finish.

Only three trustees were present—Dietz, Caskey and Evans. They expressed a desire that all five members be present for action, so the matter was laid over. Mr. Montgomery has several times expressed a desire to be relieved of the city position on account of the pressure of private practice and his work in the faculty of the U. S. C. law school. There was no discussion of the matter last night, and no talk of possible successors.

Judge Sherman Page presented a written petition, signed by himself and elaborated at length. He requested that no more expense be incurred in the prosecution of the so-called burro cases; volunteered to outline ordinances which he believed would cover the situation to replace the present ordinances which he believed could not be made to stand; asked the board to rescind their action permitting the city attorney to be represented by a suitable substitute in the trial of cases; and asked that a public meeting be called for general discussion of all the interests and rights involved to the end that a final solution of the difficulties be found and settled upon. Trustee Evans moved that such a meeting be called, but when it came to setting a time it was found there was little chance of getting the full board together this month so no final action was taken.

THE EPISCOPAL CHURCH

Church of the Ascension, the Rev. Dr. Geo. H. Cornell, Rector. Vested Choir. Sixth Sunday after Trinity. Holy Communion, 7:30 A. M., Sunday School, 9:45, Morning Prayer and Sermon, 11 A. M. All are cordially invited.

NOTICE TO RED CROSS WAR FUND SUBSCRIBERS

The original plans to handle all business relative to subscriptions and the issuing of receipts therefor was changed at the last moment, and orders were received to send in all subscription cards and pledges to the Los Angeles office, but after doing so, it was found they were so buried in work that it would be some time before receipts and notices of installments due, could be issued, so the local committee asked to have the matter turned back to them for completion, which was done, and now receipts will be issued locally and all subscribers should receive this acknowledgement within a few days.

Should any subscriber, whether as "Friend," anonymous, or other wise, fail to receive proper acknowledgment of the same, by July 20th, the Chairman of the committee would appreciate it greatly, if he is so notified, in order to correct any errors or omissions.

All installments for pledges may be paid either to Mr. C. W. Forman, Cashier of the Committee, or at the First National Bank, which will hand the same to Mr. Forman, and receipts will be issued therefor. In making payment by check, make same payable to Red Cross War Fund, Wm. G. McAdoo Treas.

July installments are now due.
C. W. JONES, Chairman.

FORTIETH WEDDING ANNIVERSARY SURPRISE

Mr. and Mrs. George B. Morgridge entertained with a family dinner party Tuesday evening in honor of the fortieth wedding anniversary of Mrs. Morgridge's parents, Mr. and Mrs. Howard Hill. Later in the evening a delightful surprise was perpetrated by the arrival of about thirty friends who had been invited in to help celebrate. The evening passed quickly with novel games and refreshments, of which the chief feature was a large "bride's cake."

WINS SCHOLARSHIP FOR THIRD TIME

Miss Beatrice Ward has again been awarded the scholarship for excellence of her work at the Stickney Memorial School of Art in Pasadena. This is the third time this splendid recognition has come to Miss Ward and her friends extend their hearty congratulations.

LOCAL ENGINEER MEMBERS EXPECT TO GO NORTH FOR ACTIVE SERVICE SUNDAY

Seven men from Sierra Madre will be with Co. B of the California Engineers when they leave for American Lake, Wash., Sunday.

They are:
Sergt. Harvey H. Steinberger.
Raymond E. Adelmeyer.
Robert Clark.
Wade Fallis.
Benjamin Medley.
John C. Olsen.
Roydon O. Pool.

Not all had passed the final physical examination last night but it is expected that all will be able to qualify.

By reason of his experience as a contractor and as street superintendent in Sierra Madre, Harvey Steinberger was given the rank of sergeant and placed in charge of concrete and sewer construction work. He also had the distinction of being the first man of 21 examined to pass a perfect physical examination.

Final orders for the company have not been made public but it is expected they will be under way by the first of the week. They expect to have charge of the construction work at the great army cantonment of the northwest at American Lake.

PLANS FOR DRAFT

Sierra Madre may be called up to furnish about twelve men on the first draft, according to calculations published in the daily papers yesterday. Two-thirds of one per cent of the "paper" population is the basis for calculation.

The quota named is based on an estimated population of 1800. The quota may be less, for the census figures of 1900 show only 1300 population and the registration of 84 men of eligible age would indicate an even smaller population.

Draft Postponed

Postponement until next week of the drawing of numbers of men who will be called for examination for the national army seemed probable yesterday when it became evident that states are not completing organization of their district exemption boards as rapidly as war department officials had hoped.

Baker to Draw Numbers

Secretary of War Baker himself probably will draw the numbers which will tell who is to be drafted.

He announced this today following a long conference with President Wilson at the White House, during which final plans for the actual drawing were discussed. If he himself does not officiate, he made it plain that one of the highest officials of the Government would. The secretary denied a report this morning that President Wilson will draw the first number, but asserted that great care would be taken to have a man high in the administration councils in charge of the drawing. The Government is taking good care that there shall be no criticism of the draft which might result from slipshod methods of drawing.

To Call 4,000,000

Each state's quota will be based, it was indicated today, on the registration of approximately 9,500,000 men. The first call to the colors will be for 687,000, but the entire draft will be completed at one time and the 687,000 will be selected from those who were first to be drawn. Others will be held in reserve for later call if needed.

On the basis of 9,500,000 men,

it is believed approximately four million will be required by the quota.

This would enable the Government to secure a force, after all physical disqualifications and exemptions of about 1,750,000, according to estimates, leaving a million or more men subject to later call after the 687,000 had been sent to training camps.

WILL MANKIND OUTGROW RELIGION?

"Will Mankind Outgrow Religion?" will be the question discussed by Mr. Wilson in his address next Sunday night at the Congregational Church. In view of the break up of conventional ideas recently this subject should prove timely and interesting. Mr. Wilson will preach at the morning service at eleven. Sunday School is held at 9:45. Lesson: "Hezekiah the Faithful Kink." Ref. 2 Chron. 30:1-13. (The story of a good son of a bad father).

SIX RULES FOR PREVENTING FIRES IN THE MTS.

1. Matches—Be sure your match is out before you throw it away. Matches whose heads glow after the flame is out are dangerous.
2. Tobacco—Throw pipe ashes, and cigar or cigarette stumps in the dust of the road, and stamp or pinch out the fire before leaving them. Don't throw them into brush, leaves or needles.
3. Making Camp—Build a small camp fire. Build it in the open, not against a tree or log, nor within fifteen feet of standing brush. Scrape away the trash from all around it.
4. Leaving Camp—Never leave a camp fire, even for a short time, without quenching it with water and then covering it with earth.
5. Bonfires—Bonfires are not permitted on the Angelus National Forest.
6. Fighting Fires—If you find a fire, try to put it out. If you can't, get word to the nearest U. S. Forest Ranger or State Fire Warden at once. Keep in touch with the rangers.

CIVIC LEAGUE

OFFICERS NAMED

Well Attended Meeting Held at Club House—Organization Is Completed

Organization of the new Civic League of Sierra Madre was completed at a meeting held in the Woman's Club House Monday evening. About fifty citizens were present. The membership roll is said to contain about forty names already and is still growing. With the filling of two vacant places on the official roster the list was made complete as follows:

President, Arthur Johnson, Jr.
1st V. P.—Henry T. Fennel.
2nd V. P.—Mrs. H. O. Vogel.
Secretary—Mrs. W. H. Ingraham.

Treasurer—E. C. Carhart.

These officers together with E. Rhodes and J. D. Mackerras constitute the Board of Governors.

Rev. C. C. Wilson was called upon for some remarks and chose as his topic: "Community Deadheads." He dwelt on the unequalled advantages of the small town as a place of residence. To realize these advantages to the full it is vitally important that there be an active program of community building. It is important that every element of the citizenship be engaged in some phase of this program. Such a program has no place for deadheads. He made a plea for a spirit of cooperation which would make possible to the greatest extent the development of Sierra Madre. (Mr. Wilson has had a considerable amount of experience in community center work and has done much public speaking on the subject. It is to be hoped that he will have an opportunity to speak at length on the subject when he can have the hearing of as much of the community as possible.)

The question was raised as to the possibility of conflict between the Civic League and existing organizations, the Board of Trade for instance. President Johnson called for President Ham of the latter organization to express his views on the subject.

Mr. Ham said that the Board of Trade was organized for rather specific effort along advertising and kindred lines and had not and possibly could not take sides in questions involving serious division of public opinion. He thought there might be room for such an organization as the Civic League to attempt to solve some of the problems toward which the Board of Trade had maintained a neutral policy.

Mrs. S. C. Awbrey and son, Powell, left on Thursday for their home in El Paso after spending a few weeks with Mrs. Awbrey's parents, Mr. and Mrs. William Powell.

Prof. and Mrs. Darsie and son, of Hollywood called at the home of Rev. C. C. Wilson this week. Prof. Darsie and Mr. Wilson were school mates.

BEGINNING AUG. 1

M. D. Weisner makes the very important announcement in his ad this week that beginning August 1 his store will sell for cash only. In that way he expects to be able to cut the cost of doing business so materially that he can make a sufficient reduction in prices to make the new plan attractive. Losses through bad credit and the expense of a large retail accounting system figure very largely in store costs and Mr. Weisner believes the saving will be sufficient to justify this radical step.

Restriction of trivial deliveries is another reform that Mr. Weisner announces. In this he is acting in accordance with the Commercial Economy board of the National Council of Defense. The So. Cal. Retail Grocers' Assn., has also recommended similar action. The lady who calls up two or three times daily asking to have five or ten cent orders delivered will have to change her habits in the interest of general economy. She has been a source of expense

which the whole buying public has had to meet.

Mr. Welsher also announces the sale of the Central Market to Wm. Dennison who has managed that department for a long time. It will also be conducted on a strictly cash basis.

TO THE PUBLIC:—

At a recent meeting of the city trustees, the writer asked that a committee be appointed to try and secure a harmonious adjustment of the burro question, rather than have the expense of a costly trial and further controversy.

It has come to my knowledge that a concerted effort to hurt my business is being agitated by some of our citizens on the alleged grounds of partisanship in this fight.

Unless this stops at once steps will be taken by the writer to have the false statements proved.

RED CROSS NOTES

The Tea Room operated in connection with the local Red Cross Chapter has donated another \$16.00, making \$36.00 for the month of June. The warm weather has brought many persons to patronize the local chapter rooms and enjoy the Ice Cream, etc., served there, incidentally helping the local Red Cross finances.

There is a large amount of work ready which awaits willing hands to take home and finish. Those who cannot make it convenient to go to the chapter rooms can perhaps help by doing this work at home. The rooms are open every afternoon for the purpose of giving out and taking in work so urgently requested from headquarters. The membership list was enlarged the past week, by Mr. S. Tanaka, Miss Francis Webster, Mrs. Mabel Pegler and Robert Mitchell, Jr., making a total of 412. Mrs. Robert Mitchell has joined the \$1-a-month volunteer list making the 38th.

Through the generosity and handiwork of Mr. Frederick O. Nichols a number of hearth brushes of an ornamental design and useful to a large degree are on sale at the chapter rooms for 25 cents. The proceeds from these sales are all donated to the local fund of the Red Cross. The name of Miss Lorena

Hardenburg should be added to the list of \$5 contributors to the war relief fund, having been omitted from the published list through an error in classification.

Mrs. Welsher, the president, has received a cordial letter of thanks from Henry P. Davison, chairman of the national war council, for the local contribution, and to the individuals and organizations which made its collection possible.

MISS THOMPSON PASSES

Miss Edith Thompson, daughter of Mr. and Mrs. John E. Thompson of Auburn Avenue, passed away Saturday night after a protracted illness. Never of robust health, she had been gradually sinking for some time past. The loss comes as a double blow to her parents who are now left alone after losing their only son, Alonzo, but a few months ago. Funeral services were held on Tuesday, the Rev. Mr. Wilson speaking appropriately and giving expression to the sympathy which was felt by the friends of Mr. and Mrs. Thompson. The remains were laid to rest in the Sierra Madre cemetery.

LONG LIFE ENDS: ACCIDENT RESULT

The Venerable S. S. Casad Succumbs to Injury from Fall

With the odds of his ninety-two years against his recovery, the venerable Samuel S. Casad passed away on Tuesday as the result of a broken hip sustained in a fall a fortnight previous. He had shown remarkable fortitude in his final fight for life but was unable to rally his strength for the mending process.

Mr. Casad was born in St. Clair County, Ill., in 1825 and grew to young manhood on his father's farm. In 1846 he married Miss Sarah Caroline Dew, daughter of Rev. John Dew who was the first president of McKendree College at Lebanon, Ill. She preceded him to the final rest in 1910.

Of their eight children, six survive to revere the memory of this remarkable couple. They are Mrs. E. P. Casad of Cheney, Kansas, Mrs. E. Colton of Compton, Cal., Mrs. Lucy D. Wilhoit of Ontario, Cal., Samuel S. Casad of Myrtle Creek, Ore., Mrs. Adah B. Crum of Cheney, Kan., and H. L. Casad of Mooreland, Okla.

Mr. Casad served gallantly for the Union in the Civil War. He served more than three years and was a sergeant in Co. E of the 2nd Illinois Cavalry. At the close of the war the family removed from Illinois to Kansas, coming to Compton, Cal., in 1900 and to Sierra Madre in 1907.

Mr. Casad was universally known as a kind neighbor, a loving husband and father, and a good citizen. He took an active interest in public affairs to his latest years. He retained his physical and mental vigor to a remarkable degree and within a year had made a trip to Kansas unattended.

Funeral services were held Thursday morning in the parlors of Allen T. Gay. Rev. Bunker of Los Angeles who had been Mr. Casad's pastor in Compton, officiated and was assisted by Rev. C. C. Wilson. The comrades of the Grand Army of the Republic attended in a body, as well as many other friends. The interment was in the Sierra Madre cemetery.

Miss Mae O'Connell of S. Hermosa Ave., is spending the summer at Long Beach.

NEW SCHOOL PRINCIPAL

(Continued from Page 1)
thus more than fortunate in being able to secure one of the best kindergarten teachers of the Pomona Schools, Miss Stevens, who will carry on the work without assistance, not only enabling us to take this advanced step, but to actually save the district considerable money in salaries.

It is but frank to say that their employment as members of our school faculty, Mr. Walker and Miss Stevens have joined forces and are now Mr. and Mrs. Walker, with a double ambition to make a success of their work in our schools. They expect to be here early in August to occupy the home which they have rented at 263 West Highland Ave.

It is hoped that patrons of the school will lay aside all personal feelings and hold up the hands of the Trustees in taking what they believe to be a forward step along educational lines.

Early in the fall Miss Brown, Supervisor of the Kindergartens of Pomona will give a talk to all who are interested in this new phase of kindergarten work. In the meanwhile, it is but simple fairness to reserve judgment until after a thorough trial of this work, instead of criticising the board for trying to do its duty.

It is to the interest of all to welcome heartily our new citizens, Prof. and Mrs. Walker who will through their work in the school have such a vital influence in the community.

WOMEN'S CAMPAIGN IN SIERRA MADRE

Food Conservation Pledges To Be Circulated Among Housewives

Mrs. Frank C. Wright has been appointed Sierra Madre representative of the women's committee of the council of defense, for the circulation of the food conservation pledges. She will secure the aid of a number of other ladies and a house to house canvass will be made.

With the slogan, "Get Behind Hoover," the program is to prevent all food waste and to promote real economy and efficiency in the use of food. The pledge calls for the carrying out of the following directions:

Mr. Hoover's Directions
1—To save the wheat: One wheatless meal a day, using corn bread or other cereal, to release the wheat for our allies who do not know how to use corn products.

2—To save the meat: To buy less and serve smaller portions. One meatless day a week.

3—To save the fats: To use no butter in cooking. We consume three times the fats necessary in cooking.

4—To save Transportation: By eating home products and so release the freight cars.

5—To preach "The Gospel of the Clean Plate": To buy less food-stuffs; to skimp the garbage can.

6—To increase the uses of Corn, Buckwheat, Rice, Rye and all vegetables. Aside from eating and increasing proportion of these commodities in order to save on the staples, it is extremely important that any surplus shall be preserved or well stored for winter use.

Mr. and Mrs. C. L. Twycross and son Randolph and Mrs. M. H. Clark were the guests of Mr. and Mrs. Wm. F. Bixby of Hollywood last week end.

Mr. and Mrs. M. H. Clark spent a few days in Los Angeles this week as the guests of relatives.

Mr. William F. Stephens left on Thursday for his home in San Francisco after spending three weeks as the guest of Mr. James N. Hawks.

TO REACH SIERRA MADRE

By Trolley—Take Sierra Madre cars leaving hourly at Pacific Electric Station, 6th and Main, Los Angeles. The scenic ride is the most beautiful on the Pacific Electric system. From Pasadena, take Lamanda Park car, change at El Camino.

By Auto—From Los Angeles by way of North Broadway and Huntington Drive to Colorado St., Santa Anita Ave. to Foothill Blvd. Turn north at Sierra Madre or Baldwin Ave. Or, take any route through Pasadena, then east on Colorado St., to Santa Anita Ave., then by Foothill Blvd., and Sierra Madre or Baldwin Ave.

Sierra Madre's peculiar charm has been felt and praised by nearly everyone who ever visited and lived here. Many factors combine to make the charm potent—the sense of exaltation in life on the heights; the inspiring view; the invigorating air, kept pure by the currents moving continually up and down the slope; the feeling of intimacy with the nearby mountains; the ease with which a love for outdoor life and recreation is gratified; the great variety of available homesites; the conveniences of the city with all the joys of life in the country.

It is as a home community that Sierra Madre claims pre-eminence. Here you can have a small house and lot, a larger place with fruit and garden plot, or a few acres with an orchard. Everything grows well here and Sierra Madre has suffered less from frost than any other community.

No community has a higher type of citizenship. Socially and morally Sierra Madre ranks high. There is a cosmopolitan population recruited from all over the world.

Sierra Madre has made rapid progress in the movement for civic beauty, with clean streets and beautiful homes and gardens. Public health is guarded scrupulously. The Board of Trade and city administration are constantly at work upon enterprises which promote the community welfare.

SOME THINGS YOUR CHILDREN CAN'T BUY

Some of you parents who are worrying your heads full of grey hairs for fear you will not be able to bequeath a big bank account to your children need to draw a balance sheet.

On one side set down a few memories:

Can you remember your father as a man who walked so uprightly that he had fear of no man?

Did he find more satisfaction in the consciousness of giving the other fellow a square deal than making a pile from a bit of sharp practice or a gamble?

Was his helping hand ready for the fellow who needed it? Could he give generously and without making it a public function?

Did your mother teach you to estimate the gold in a person's character rather than in their bank?

Can you remember the gratitude of the sick and needy for her ministrations?

Did you find her patient and sympathetic when you thought the world no longer held such feelings?

Did she teach you that the wood anemone held a beauty which the most expensive hothouse product could not equal?

Did she show you the delicate tracery of leafless trees against the sky?

Did she help you to realize the friendliness of the stars on moonless nights?

Did they have a sustaining faith in the goodness of God and the ultimate triumph of right?

Now put down on the other side of the balance sheet all the wealth that your parents gave or might have given you.

Strike a balance if you can. You say it can't be done—you can't measure the items on one side in terms of the other.

Alright—which would you prefer to go through life without? Just wipe one side or the other off the slate!

I would not trade the ability to answer those questions affirmatively for all the money that could be expressed in figures. Nor would you.

Now stop and think that some day your children may draw off a balance sheet like that. You can't bribe their memories with material things. Why not put more thought and heart into a bequest of memories worth keeping, together with a genuine appreciation for REAL VALUES in life.

PATRIOTIC LABELS ON MAIL MATTER

The United States postoffice department has issued a circular letter calling attention to the fact that patriotic labels and stickers showing the national emblem, which have come into such large use recently, must be used carefully at the mail matter to which they are attached will be held up.

Some concerns using these patriotic labels paste them in such a manner that when the stamp is cancelled, the sticker also is struck, thus defacing the flag, which conflicts with the law regarding the placing of anything upon the national emblem.

The postoffice requests that any kind of stickers used upon mail matter, and especially stickers showing the flag, shall be placed upon the back of the letter or package and not upon the face. It also is requested not to use patriotic stickers for holding together the edges of a folder, making necessary that the flag be torn or cut in order to open the folder.

WORK AND PLAY—BOTH

Hemet News:—With the government need of increased production and the practice of sane economy an every hand, we should not for a moment lose sight of the fact that the human brain and body requires a certain degree of periodical relaxation. We must work—work hard and for long hours—in order that we may each perform the duties allotted to us. But we must have our hours of relaxation, or our overburdened frames will suffer and our energies will deteriorate. A wise head is needed to devise some form of community amusement in which all may share—healthful exercise which is more play than work, and which will take the mind from the more serious problems of the day. Have you a plan? Speak up!

SAVING GASOLINE AS PATRIOTIC DUTY

A timely editorial appeared in a recent issue of the South Pasadena Record, which, in part, says: "The government must have gasoline and it is NOT necessary that we take so many joyrides, so let's start in at once with the idea of conserving the gasoline supply. This means YOU and ME—every one of us. Let us deprive ourselves of the pleasure rides for a while. The soldiers will have no joy rides—surely we can do without them if our fighting men can. Clearly it is a matter of patriotism."

"TARA GWIN" UNFERMENTED TABLE WINE

The greatest non-alcoholic reconstructive stimulant, blood-maker and tissue-builder. The brain and nerve food for the young and old. TARA GWIN is recommended by many leading physicians, and is used in conjunction with the St. Luke's system of treatment for tuberculosis, for which the discoverer received the thanks of the late King Edward VII. TARA GWIN gives greater power of resistance against disease and the effects of old age than any known tonic, and greatly increases the power of physical endurance. It is the stimulant for delicate young people, for men and women in middle life, and for all who wish to preserve health and vigor and beauty of youth. TARA GWIN is indispensable to athletes, tourists, and is the most valuable item in the camping kit.

Order from your grocer, druggist or wine merchant, or direct from the American agents, the NATIONAL NON-ALCOHOLIC WINES, LTD. California branch office: Mount Tara Springs, Sierra Madre.
